

## **Georgetown University School of Medicine Mission Statement**

---

*Guided by the Jesuit tradition of Cura Personalis, care of the whole person, Georgetown University School of Medicine will educate a diverse student body, in an integrated way, to become knowledgeable, ethical, skillful, and compassionate physicians and biomedical scientists who are dedicated to the care of others and health needs of our society.*

## **Georgetown University School of Medicine Diversity Statement**

---

The University was founded on the principle that serious and sustained discourse among people of different faiths, cultures and beliefs promotes intellectual, ethical and spiritual understanding. Consistent with this principle, the School of Medicine strives to ensure that its students become respectful physicians who embrace all dimensions of diversity in a learning environment that understands and includes the varied health care needs and growing diversity of the populations we serve.
